

I am a daily listener of K-LOVE Radio 89.7 in Huron, SD. This radio station provides my community with strong spiritual values that have a positive and encouraging effect on us all. In this day and age I feel we need uplifting choices and more of a variety on the public airwaves. K-LOVE Radio provides us with that variety which we wouldn't have if we lose it to an LPFM station. I don't like many of the topics and foul language used on the current options available to me in my listening area. Please do not take away my daily joy and inspiration during these troubled times.
